## STARTING PROCEDURES

**Participating boats wait in the area around ramp.** For visual purposes, the "launch area" will be the area from the houseboat (south) to the first boat slips (north) including all areas within these two points towards shore (an aerial photo of the launch area will be provided at check in). All boats will be inspected at the boat launch before being released to fishing area. All anglers must use the Prescott Boat Launch. **Tournament starts when air horn blasts are heard at 7AM.**

## WEIGH IN PROCEDURES

To eliminate any confusion and lines at the weigh in, fish can be registered starting at **8AM.**

**The weigh in will conclude when all fish are weighed in by anglers who are back at the launch area by Noon.**

Boats not returning to the launch area by Noon will not be allowed to weigh in their catch.
